

## Board Member Expenses

Adopted: July 2007

Modified: Oct 2014

This policy lays out VST policy on expenses incurred by Board members while engaged on VST business. Where attendance at Board meetings by members is combined with attendance at the meetings of other, independent organizations, and expenses are also available from that source, then members should charge expenses equally to VST and the other organization, or on a pro rata basis if attendance at the VST meeting is limited. This policy, without exception, refers to expenses incurred by Board members only. If travelling with a companion, expenses will only be reimbursed for the Board member only.

This policy also applies to members on committees of the Board of Governors. To reduce incurred costs, it is recommended that meetings of committees be scheduled around the meeting time of the Board. Alternatively, members may meet via conference call.
