

## UBC Library Online Resources

### UBC E-Resources

To access UBC Library's online resources — e.g., online journal articles and databases — you'll need to sign into UBC's OpenAthens Login service. To do so:

- a. Open <https://openathens.library.ubc.ca/> and sign in with your CWL credentials. (Note: you must use the CWL login option to sign in. The bar code option won't work.)
- b. UBC movie resources can be found on Criterion on Demand and Kanopy Streaming.
- c. If you cannot login to UBC's OpenAthens, make sure that your affiliate number is associated with your CWL.
  - i. Login to <https://www.myaccount.ubc.ca/myAccount/> and check if there is an affiliate number associated with your account
  - ii. If not, you can add your affiliate number to your CWL following these instructions: <https://it.ubc.ca/services/campus-wide-login-cwl/how-add-employee-or-student-number-your-cwl-account>
  - iii. You may need to contact UBC Help desk support to do this.

### UBC Library Catalogue System

The library catalogue system is where users can use to find library resources and its current physical location (e.g., where a book may be in the Koerner library or elsewhere). To access your UBC library account, you'll need to sign in with your UBC Card bar code and PIN. Here's how:

- a. Open the login page for My Library Account
- b. Scroll down to the *Standard Library Login* option and enter your UBC Card barcode and PIN.
